On March 4, 1933, the Collector of Taxes had on deposit in the York County Trust Company \$573.15 on account of the assessment of 1932; \$1,856.21 on account of excise taxes for 1932; and \$3,099.21 on account of excise taxes for 1933. Said Collector has assigned all of these accounts to the Treasurer of the Town of York.

Respectfully submitted,

GILMAN L. MOULTON,
Treasurer of York, Maine.

Town Clerk's Report

OF THE VITAL STATISTICS OF THE TOWN OF YORK

For the Year Ending December 31, 1933

BIRTHS

Date	Parents	Sex and Name
Dec. 18, 1891	John W. and Hannah O. Goodwin	Son, George A.
Aug. 26, 1904	Benjamin O. and Olive A. Clough	Daughter, Doris Ellen
Jan. 2, 1933	Gordon and Elizabeth Brewster	Daughter, Barbara Arline
Jan. 4, 1933	Elvin W. and Sarah A. Avery	Daughter, Shirley Jane
Jan. 10, 1933	Charles L. and Anna C. Balentine	Son, Charles Samuel
Jan. 18, 1933	Leslie E. and Alice M. Freeman	Daughter, Julie Marie
Jan. 19, 1933	Raymond E. and Helen L. Tobey	Daughter, Marion Louise
Jan. 19, 1933	William and Annie M. Millner	Son, Bruce Madison
Jan. 29, 1933	Earle W. and Pearl McCarroll	Daughter, Jean Ann
Feb. 2, 1933	Mark F. Jr., and Elizabeth E. Blake	Son, Edward Wilson
Feb. 13, 1933	Fred and Hazel H. Lear	Daughter, Stella Elizabeth
Feb. 14, 1933	Raymond E. and Mildred J. Brooks	Son, Charles Philip
Feb. 15, 1933	Howard L. and Margaret A. McCashin	Son, name not reported
Mar. 21, 1933	Nelson C. and Edith A. Hutchins	Daughter, Janet Elaine

Mar. 22, 1933	Cato R. and Ethel G. Philbrick	Daughter, Johanne
Mar. 31, 1933	Charles D. and Helen M. Bridges	Son, Chester Charles
Apr. 2, 1933	Lawrence E. and Jasmine G. Willey	Son, Robert Edward
Apr. 5, 1933	Lester E. and Sylvia I. Perkins	Son, Clarence Albert
Apr. 9, 1933	Illegitimate	Daughter
Apr. 12, 1933	Arthur F. and Mina P. Chase	Son, George Arthur
Apr. 20, 1933	Illegitimate	Son
Apr. 22, 1933	Raymond and Ruth E. Rokey	Son, Edward John
Apr. 29, 1933	Roger C. and Ida Smith	Daughter, Janet Louise
May 2, 1933	Elmer N. and Winifred L. Donnell	Son, Russell Webster
May 3, 1933	Roy M. and Lucy M. Perkins	Daughter, name not reported
May 11, 1933	Elmer E. and Jeanne L. Moulton	Daughter, Barbara Jeanne
May 21, 1933	Kenneth L. and Gladys E. Moulton	Son, Clarence Leslie
May 22, 1933	Alden M. and Agnes Gilchrest	Son, Russell Harvey
May 28, 1933	Warren O. and Ellen M. Teague	Daughter, Beverly Ann
June 16, 1933	Charles W. and Elizabeth P. Kinghorn	Daughter, Constance
		June
June 16, 1933	Illegitimate	Daughter
June 16, 1933	Raymond W. and Harriet M. Earle	Son, Robert Wilson
June 17, 1933	Sherman P. and Inez F. Newton	Son, Sherman Preble, Jr.
June 21, 1933	Wesley and Doris Moody	Son, Peter Bourne
June 21, 1933	Wesley and Doris Moody	Daughter, Hope
June 29, 1933	Carroll B. and Elizabeth H. Trafton	Son, Norman Lee
July 9, 1933	William H. and Annie E. Webber	Daughter, Mary Elizabeth
July 9, 1933	George A. and Maryellen Wood	Daughter, Jane Ann

July 16, 1933	Roderick and Florence M. Frost	Son, Walter Allen
July 25, 1933	Nathaniel G. and Rachel D. Marshall	Daughter, Sally
July 26, 1933	William P. and Rose E. Sevigney	Son, Gordon Kenneth
July 27, 1933	Desire and Annette Paradis	Son, Donald Desire
July 28, 1933	Henry and Alice Genthner	Daughter, Gertrude Alice
July 28, 1933	Francis J. and Margaret B. Mallen	Daughter, Margaret Kathleen
July 29, 1933	Dudley P. and Melenia Eubank	Daughter, Mary Elizabeth
July 31, 1933	Rosario J. and Gladys M. Hebert	Son, Raymond Joseph
Aug. 3, 1933	Leonard X. and Ethel M. Davidson	Daughter, Agnes Jean
Aug. 4, 1933	Joseph E. and Beulah E. England	Daughter, Sybil Louise
Aug. 9, 1933	Fred W. and Ernestine W. Day	Son, Richard Alden
Aug. 13, 1933	Edward C. and Fidelgar Tetreault	Daughter, Rose Marie
Aug. 31, 1933	Paul A. and Sara C. Dozois	Son, Paul Arthur, Jr.
Sept. 3, 1933	George R. and Dorothy M. Moore	Daughter, Jean Charlton
Sept. 6, 1933	Everett E. and Gladys M. Goodwin	Son, Donald Everett
Sept. 14, 1933	David L. and Mary A. Moulton	Daughter, not named
Sept. 16, 1933	Harry F. and Gladys M. Donnell	Son, Billy LeRoy
Sept. 23, 1933	George W. and Lillian B. Banks	Son, George William
Sept. 24, 1933	Waldo R. and Elizabeth H. Cooper	Son, George Waldo
Sept. 25, 1933	Ches-er N. and Isabel A. Norton	Son, Paul Everett
Sept. 26, 1933	Illegitimate	Daughter
Oct. 4, 1933	Illegitimate	Daughter
Oct. 10, 1933	Roland H. and Lena H. Tuttle	Son, Robert Allen
Oct. 19, 1933	Charles H. and Lydia G. Todd	Son, Charles Hill, Jr.

Oct. 31, 1933	Harry F. and Doris Hutchins	Daughter, Natalie
Oct. 31, 1933	Clifton G. and Winifred L. Stone	Daughter, name not reported
Nov. 5, 1933	Donald W. and Ruby E. Pease	Daughter, name not reported
Nov. 6, 1933	Gordon E. and Louise S. Goodwin	Son, Harold Willard
Nov. 15, 1933	Carlton A. and Jennie A. Blaisdell	Daughter, Barbara Ann
Dec. 2, 1933	Allan and Doris Cook	Daughter, Joan Alma
Dec. 6, 1933	James W. and Eva L. Kimball	Daughter, name not reported
Dec. 16, 1933	Bradford B. and Marion B. Woodward	Daughter, Anna Josephine
Dec. 28, 1933	Gordon and Elizabeth Brewster	Son, James Edward
Dec. 30, 1933	Ernest L. and Gertrude A. Trafton	Daughter, Evelyn Georgia

To the Honorable Board of Selectmen:

The following is the report of this department for the year ending Feb. 1, 1934.

The cases of reportable disease brought to my attention were:

Tuberculosis	2
Scarlet Fever	2
Undulant Fever	1
Paratyphoid Fever	1
Measles	9
Whooping Cough	1
Chicken Pox	35
Mumps	12
Gonorrhea	2

TUBERCULOSIS

Two cases of tuberculosis were reported during the year and both of these cases died at their homes. One case was not reported until near death and the other persistently refused to go to a sanatorium—thus both were in a position until the end to communicate the disease.

The great decrease in death rate from tuberculosis in the past forty years has been in large part due to the isolation of such patients in hospitals, and in very recent years in endeavoring to retard or prevent occurrence of the disease in those who are known to have been exposed to it. A great step forward was made during the past year when the waiting list for admission to hospitals was reduced to near the vanishing point, the result of legislative acts sponsored chiefly by York's representative. That benefits were quickly obtained is evident in the immediate hospitalization of a case reported only a year ago, and his return well and apparently cured before the time of this report.

But however beneficent the work of the State, or however efficient the work of the hospitals—these works become as nothing when hindered by ignorance or willfulness. Under present laws the co-operation of the sick or exposed and their families is the greatly needed thing if we are to go further in conquering this disease.

UNDULANT FEVER

The second case of undulant fever in York is reported only a year after the first. This disease is contracted from cattle who abort—and transmitted by the milk. Pasteurization makes the milk safe to drink. The disease is being reported more and more frequently in cattle and humans throughout the country. It is inevitable that the disease will trouble us more and more until the farmers find some means to protect the herds and until York produces and sells pasteurized milk.

RABIES

In the Spring of 1933 there were several cases of rabies (hydrophobia) in dogs in the State. As the disease is readily communicable to man, and universally fatal if not treated, the State Bureau of Health ordered a strict quarantine of all dogs. This was successful in stopping the spread of the disease, but it did not do any lasting good. However the disease is preventable in dogs by inoculation and I endeavored at the time of the quarantine to so arrange matters that every dog in York would be protected in the future. I am sorry to say that this was not successful, although gratified to observe that many of those who know most about dogs were enthusiastic in supporting the work.

GENERAL MEASURES

In March free vaccination against small pox, and Schick Test with inoculation against diphtheria were offered—with again a gratifying but not satisfying response.

Mr. Thomas Thumith and Mr. George Stover served as Plumbing Inspectors during the past year. Mr. George Stover has been re-appointed.

Food handlers were examined as usual. It may be advisable in the coming Summer to be a little thoughtful about amoebic dysentery in our midst—a disease spread by food handlers in Chicago hotels to people throughout the country.

The County Health Nurse continued her visits.

The Dairy Inspector from the Department of Agriculture again went over the field with me.

There were the usual nuisances and sewage problems this year.

FINANCES

The only extraordinary expenditure this year was in the quarantine of dogs. This was under order of the State Department and was very promptly and effectively done, incidentally furnishing a house to house list of all dogs which could be used for tax checking purposes.

Mr. George Curtis has redeemed the note for \$50.00 mentioned in the last report.

Average Age at Death All Recorded Deaths	NUMBER OF DEATHS FROM			
	Degenerative Diseases ("Shock," Bright's Disease, Heart Disease, etc.)	Cancer	Senility (Old Age)	
1892-1901	127	25	39	
1902-1911	162	35	59	
1912-1921	175	54	34	
1922-1931	237	62	61	

STATISTICS

Being requested again to speak to the Woman's League I continued my search into the Town Clerk's records to determine what change the decreasing death rates from dis-

ease in youth had made in the later years. I append the figures on page 67.

That is, we are living to die of the diseases of middle age, but few if any more are living to die of old age. There are new things for us to be alert about and try to prevent. As the Red Queen said to Alice, "You have to run as fast as you can to stay where you are, and to get ahead you have to run twice as fast as that."

Yours respectfully,

EDWARD M. COOK, M. D.

Health Officer

REPORT OF THE Superintendent of Schools

To the Superintending School Committee of York:

I herewith present to you and to the citizens of York my annual report as superintendent of your schools.

During the past year twenty elementary schools have been maintained by the town. A table found at the end of this report shows the distribution of pupils among the different schools. A comparison with the table printed a year ago shows that the number of pupils in all the schools has been practically the same except there is a decrease this year in the number of pupils in the York Beach School and an increase in the number of pupils in the Agamenticus School.

The teaching force in the graded schools has remained practically the same as last year. Miss Vivian Titcomb was transferred at the beginning of the Fall term to the fourth grade of the York Village Grammar School and Miss Ruth Staples was hired to teach the Brixham School. Miss Barbara Holmes was employed to teach the Agamenticus School to succeed Miss Doris Clough who was transferred to teach the grammar grades at the Cape Neddick School. I believe that your schools are now being taught by capable, conscientious teachers who are giving their best services to teach your boys and girls.

There has been one change in the High School faculty during the past year. Miss Janet Moulton has succeeded Miss Dorothy Ingham who resigned her position in June as teacher of English and History.

We have been fortunate in retaining the services of Miss Florence Homer as supervisor of music in our schools. She has been doing very commendable work particularly with the high school chorus and orchestra.

The manual training and domestic science courses have been carried on in a very satisfactory manner during the past year. I would call your attention to Miss Anderson's and Mr. Nason's report.

I believe that the following figures relative to the costs per pupil for the school year 1932-1933 in York High School and some of the high schools in neighboring towns will be of interest to the citizens of York. These figures were given to me by the State Department of Education.

Kennebunkport High School	\$109
Berwick High School	\$80
Berwick Academy	\$78
Old Orchard Beach High School	\$78
York High School	\$76
Robert W. Traip Academy	\$76
Scarboro High School	\$76
Kennebunk High School	\$74

These figures show that the cost of education in York High School during the past year is below the average cost of schools in this vicinity.

The greatest problem with which we have been faced this year has been to economically maintain our schools with reduced finances. At your last annual town meeting the appropriation for the maintenance of your schools was reduced 7.6%. Immediately after town meeting your school committee was obliged to reduce all wages of school employees 8% because of this reduction in appropriation. When the teachers were hired for the school year 1933-1934 the cost of high school instruction was reduced 14.9% and the cost of elementary instruction was reduced 11.9%. At the time of the closing of the York County Trust Company there was on deposit \$952.67 in the school department ac-

count. All outstanding checks at that time were honored and paid. This year we have received as our State School fund \$4,358.21 compared to \$5,141.90 of last year, a 15% reduction.

Quite extensive repairs have been made on school buildings the past year. More extensive repairs have been made than had been planned because of unforeseen circumstances. Last Spring the roof of the Cape Neddick school building was damaged quite badly by a fire which burned Mr. Stafford's barn. The insurance adjustor agreed to shingle two sides of the roof of the building and paint the hall and one room. The school committee decided to complete the shingling of the building and paint the other room. During the Summer a wind storm blew down one of the chimneys of the Beech Ridge school building. Last Fall it was found necessary to replace the water pipe from the street to the York Beach building. During the Summer extensive repairs were made to the Agamenticus school building. Repairs have also been made to the roof of the High School building and new front doors were hung in this building. New curtains have been bought for the Village Grammar School building. An examination of the York Beach School building roof showed an immediate need of shingling rather than patching.

Through the Civil Works program of the federal government we hope to have a project approved to paint the outside of the York Village Grammar School building, the outside and inside of the York Beach building, the outside and inside of the Lincoln School building and the Beech Ridge school building, and to shingle the Lincoln and Beech Ridge school buildings. The Civil Works administration will pay for all labor provided the town will furnish all supplies. We also hope that it will be possible through CWA funds to grade the High School grounds. This improvement to the appearance of our High School is sorely needed.

I believe that an appropriation of \$1500 will be adequate to cover all necessary repairs for the coming year.

During the past year health examinations have been given to all the pupils of our schools except the York Beach School by the county nurse, Miss Charlotte Baldwin, of the Maine Public Health Association. Dr. E. M. Cook has given generously of his time in the health interests of our schools.

With the aid of Federal funds we have been able to furnish milk in our schools to all pupils who are underweight and undernourished. These milk lunches were started Jan. 8th and many parents are now buying milk for their children in our schools.

The annual eighth grade prize speaking contest was held last Spring under the auspices of the local chapter of the D. A. R. Miss Alice Gallagher of the Village Grammar School received first prize and Raymond Turner of the Brixham School received second prize.

Our common school account shows an overdraft of \$4,163.34. Three factors are mainly responsible for this large overdraft. In paying all bills up to Feb. 1st we have paid all teachers for 38 weeks instead of thirty-six. Our fuel bills are much larger than usual this year because of the severity of the Winter. We lost \$925.67 from our school funds because of the closing of the York County Trust Company.

During the past year the York Parent-Teacher Association has been reorganized. I hope that every parent will take an interest in this organization for the York Parent-Teacher Association can be and no doubt will be a valuable agency in promoting cooperation between parents and schools and in providing constructive criticism of our schools.

In closing this report may I express to you my sincere thanks for your kind cooperation during the past year and I hope that we may all work together in the future so that the boys and girls of York may have a more complete education that they may enjoy fuller and happier lives.

Respectfully submitted,

ELMER O. SMALL,

Superintendent of Schools

REPORT OF THE

Principal of York High School

To the Superintendent of Schools, the Superintending School Committee, and the Citizens of York:

I herewith submit to you my annual report as Principal of York High School.

Registration By Classes

	Boys	Girls	
Seniors	16	12	28
Juniors	22	22	44
Sophomores	16	28	44
Freshmen	16	24	40
Post Graduates	2	3	5
	—	—	—
Total	72	89	161

As a comparison of past reports will show, there has been a steady increase in enrollment each year.

The scholastic reports received from the several colleges now attended by York High School graduates are very satisfying. This speaks well not only of the high type of student attending these schools, but of the quality of instruction received in preparation.

School Program

Our school program is practically the same as it was last year. The last forty minutes of the school day is utilized in helping pupils who are doing make-up work due to absence and those who are doing unsatisfactory work, or

need individual assistance. Parents are earnestly and cordially invited to visit the school and discuss with the teachers their mutual problems that both may work in harmony for the best welfare of the pupil. The addition of this period offers the only opportunity available for the teachers to give their undivided attention to the pupils who are in need of this extra assistance.

Our curriculum has been enriched by the addition of a course in elementary Biology, thus offering a three year science course.

We are fortunate in having Mrs. Mackie serve hot lunches at the school house during our twenty minute recess period. The average school luncheon is likely to be cold and less appetizing than something warm. The provision of warm luncheons is a safeguard to health and beneficial to both pupils and teachers.

Extra-Curricular Activities

There have been several social functions this year so far, all of which have been well conducted and well attended. These functions began with the Freshman Reception and continued throughout the fall term with a Senior Masquerade, a senior play, socials, and card parties. We are unable to have many social activities of this kind during the winter term, as available nights are engaged at this time by basket ball.

Football, which was discontinued the previous year, was resumed last fall with an average degree of success.

Basket ball seems to be our most popular athletic activity. Miss Willman has replaced Miss Ingham as coach of the girls' team and under her able leadership the team has enjoyed a very successful season. We are proud of the work they have done both from the standpoint of winning games and the sportsmanship they have shown.

The boys' team has continued under the direction of Mr. Schroeder. Although they have not won as many games

as usual this season, they should be commended for their untiring efforts and fine spirit.

We take this occasion to express our thanks to Mr. Maurice Grover and his son Roger for so generously giving their time and efforts in building the much needed bleachers in the gymnasium. In the past we have been handicapped by the lack of sufficient seating capacity. With the addition of these bleachers everyone is assured of a comfortable seat in the gymnasium.

The physical training of our high school boys this year has not been limited to interscholastic competition. We appreciate the interest that Mr. Roger Grover and Mr. Earl Baker have shown in introducing a course in physical training for the high school boys. Mr. Grover has given his time unreservedly in conducting classes with the boys. Much enthusiasm has been shown in this branch of physical training, which has been both pleasurable and profitable.

The York High School Weekly Review, a paper edited by the student body under the direction of Miss Gile, depicts very clearly pupil activities. This paper is a very worthwhile activity for the pupils, but because of inadequate financial support, the school may be forced to drop the publication. We are appreciative, however, of the support we have thus far received from the business men and townspeople.

Recommendations

The physical needs of the school have been enumerated in previous reports, namely:

A glassed in partition in the commercial room.

Adequate library facilities including three large Webster dictionaries for home room use.

A suitable curtain which would add materially to the effectiveness of the stage in the auditorium and relieve the glaring bareness of an otherwise excellent school auditorium.

Regrading of the school grounds with a suitable parking space for the increasing number of automobiles.

Conclusion

I heartily appreciate the fine support that has been accorded me by Mr. Small, the school committee, teachers, and citizens generally. With such support our school can hope to build up and maintain its present standard of accomplishment. We are grateful to our janitor, Mr. Barr, for his willing service.

Respectfully submitted,

Wm. G. SPRINGER, Principal.

REPORT OF THE

Director of Manual Training

To Superintendent E. O. Small, the Superintending School Committee, and the Citizens of York:

It is with pleasure that I submit my annual report of the Manual Training Department.

During this year projects in woodwork have been arranged to give a practical acquaintance with the principal woodworking tools, which will function later in life. Special attention has been given to the method of planning and analyzing the various operations involved during the construction of the objects. All projects have been worked from sketches, plans, such as blueprints, pencil, inked-drawing or by plans taken from various books or magazines.

In our High School groups all projects are elective and this has given a very wide range for group and individual instruction. These projects, being selected by the pupils, were worked out from plans or sketches. Stock for these projects has been furnished the student at cost. Like last year, cedar chests again lead the list, numbering about twelve. A few of these have been finished while the others are in the process of construction.

For our repair and school project work, ten large pictures of George Washington have been framed and a plain open bookcase for the High School being constructed during the year. Five more typewriting tables for the High School Commercial Department are under construction, three of the above are nearly finished at this time. The above work has given a wide range of construction.

Owing to the enlarged High School class, it has been necessary to divide them into two groups, because of the number of classes handled each day. In order to give each the required time, one High School Class is called at eight o'clock each morning. These groups meet every day for two periods. Grades from Beech Ridge, Brixham, Lincoln, and Cape Neddick, meet at the Village and Beach Shops.

Mechanical Drawing for this year includes the simple detail drawings requiring the common drawing instruments. Tracing, blueprint making, receiving attention during the year. Development of patterns and intersections receive attention, also.

Grade drawing for the year consists of simple three view drawings requiring the use of common drawing instruments. All of the drawings were worked from plans such as blueprints, ditto copies and sketches.

Projects

High School:

Wall Shelf, Cedar Chests (12), Ferneries (5), Smoking Cabinets (4), Radio Speaker Panels (2), Sewing Screens (5), Book-Rack Lamp (Inlaid), Oak Typewriting Table, Floor Lamps (2), Bookcases (2), Plant Stand, Martha Washington Sewing Cabinets (2), Bedside Table, Magazine Racks (2), Clock Cases (2), Card Tables (2), Banjo Clocks (2), Glove Boxes (3), Medicine Cabinets (3), Tea Wagon, Priscilla Sewing Cabinet, Tilt-Top Table (3), Airplanes (2).

Eighth Grade—Cedar Chest (1), Bookrack Lamp, Glove Boxes, Sewing Machine Table, Magazine Rack, Lamps, Tool Box, Tilt-Top Tables, End Table, Smoking Cabinet.

Seventh Grade—End Tables (2) Ash Tray Stands, Knife Racks, Candle Sticks, Taboret, Foot Stools.

Sixth Grade—Calendar Stand, Letter Holder, Tie Racks, Pencil Holders, Small Stand on Stool.

After the completion of one project in the seventh and eighth grade, pupils have been permitted to build special

projects—the cost of the stock being paid for by the pupil. This has not been made compulsory, however, it has given the pupil the opportunity to build a larger project.

An exhibition of the work will be held later in the year.

I wish to thank the boys for their generous help and work they have done for the schools this year.

In closing, I wish to thank all who have in any way helped to make this a pleasant year.

Respectfully submitted,

KENNETH W. NASON.

REPORT OF THE

Home Economics Department

To Mr. Elmer O. Small, Superintendent of Schools, Members of the School Committee and Citizens of York:

I wish to submit my fifth annual report of the courses and the work accomplished in the Home Economics Department of the York Schools.

This is the first year that Home Economics has been elective for Juniors and Seniors in High School. Credit is given toward graduation.

The first semester has been devoted to advanced dress making. From the results obtained it has proved to be a worthwhile course. Some garments made were renovation problems—the materials for which were bleached and re-dyed before they could be used for new garments. Garments were made for the girls' mothers and others for friends.

The following garments have been completed: wool suits, coats, skirts, blouses, hats and scarfs to match; wool dresses, silk afternoon dresses, pajamas and accessories.

As an extra project the Juniors and Seniors are making blue corduroy uniforms for the girls' basketball team.

An exhibition of these garments is planned for next month.

The problems and ideals of homemaking will be the class study for our next semester. The girls taking this course have had previous study in food, clothing, house-keeping and art. Problems and projects will be given to encourage the girls to apply what they learn in real home situations because, after all, it is only as they make it a part of their lives that a course in homemaking functions.

The objectives are to teach the students that genuine home-making is much more than what is called house-keeping. Successful home-making requires provision for the culture and happiness of the family, for the intellectual, spiritual and aesthetic well being of the household. It is a business, a science and an art.

Several field trips are planned for this course and as soon as the weather permits the final arrangements will be made.

The Freshmen and Sophomore girls have completed a course in Home management. This course was divided into four units which are as follows: My House, My Family, My Money and Home Hygiene. The objectives of this course are to give each girl an understanding of the necessity for cooperation on the part of every member in a family, and to help her to realize what part she must take in making her home life successful.

In applying this knowledge each girl kept a notebook which includes the study of floor plans, building restrictions, water supply, types of homes, heating, plumbing, lighting systems, wall coverings, furniture, and decorative objects.

The practical work in connection with the course is either to refurnish the girls own bedroom or to furnish a room in school such as the teacher's room as a former class did three years ago. This year the class will furnish a bedroom for one of the class members.

The projects are as follows: Curtains, draperies, pillows, scarfs, bed spreads, quilts, boudoir dolls, desk sets, lamps, etc.

Color and line in dress, budgeting, suitability of design as to materials chosen, textiles and pattern alteration are emphasized in the clothing course for Freshmen and Sophomores. The practical problems include some garment of underwear, blouses, skirts, school dresses and last, afternoon dresses.

All the girls buy their own materials which helps to develop individuality and teaches them to be economical.

The sixth grade girls start their home economics training with the study of clothing and make their uniforms to be worn in the cooking laboratory. The uniforms consist of aprons, caps, holders, and towels. Also at Christmas time each girl makes a Christmas gift. In this grade the girls learn to take the first stitches in construction, embroidery stitches begin the study of cotton and linen garment materials and last, to care for their own clothing.

The seventh grade girls review the study and preparation of breakfasts and suppers—prepare a tray for a person who is ill at home and then begin on luncheon work. They work in groups of four, plan, prepare and serve a luncheon at the end of the semester.

The class work includes menu planning, table service, a study of food requirements and gives the girls an understanding of how to select well balanced luncheons.

The second semester is devoted to the study of clothing. The first projects are as follows: guest towels, dresser scarfs, bridge sets, luncheon sets, laundry cases, boudoir pillows, pajama cases, stuffed toy animals, dress covers, etc. The second problems are articles of underwear—pajamas, kimonos, flannel robes, etc., and the third problem may be beach costumes.

The eighth grade begins the year with a semester of foods. It is divided into three units, the first unit is a review of luncheon and supper preparation, the second, a study of the methods used in canning, preserving and jelly making. The third, the planning, preparation, and serving of a dinner.

The clothing work for this class begins with the care and repair of clothing, then the planning of a wardrobe for a Junior H. S. girl. The practical problems are—first, some garment of underwear such as pajamas, kimonos, etc., the second a beach costume and last a school dress.

The York Beach Girls have the same course of study. All the grades are taken separately this year.

The 6th, 7th and 8th grades from Cape Neddick completed a semester's work of foods and are now working on clothing problems.

The Beach Ridge and Brixham Girls come to the Village on Tuesday afternoons.

In conclusion I wish to thank Mr. Small, the parents, and students, for their cooperation and assistance in making my fifth year happy and successful.

Respectfully submitted,

EVELYN M. ANDERSON.

Supervisor of Music

To Superintendent E. O. Small:

It is with pleasure that I submit my second report as Supervisor of Music in the Schools of York.

It may be interesting to many people in York at this time when there is so much discussion about the subjects being taught in our schools as to which are essential and which are not, to have the following platform printed which was adopted at a meeting of delegates from fifty-seven national organizations representing over five million American citizens, held at Chicago last July.

"Our schools are facing serious problems, the cultural subjects especially are being attacked. There is urgent need for a declaration of faith that the arts are not optional luxuries for the few, but are essential for the complete living of the many.

"Music and the allied arts give cheer and comfort and richness to life. They bring beauty to our materialistic civilization. Beauty contributes to the morale and stability of a nation. Social unrest gains its readiest recruits among men who have not found beauty and joy in their work and in their environment.

"Our fathers faced a simpler world than ours, with relatively simpler needs. Modern inventions are shortening the working week and greatly increasing the hours of leisure. But in making this advance we have also incurred some penalties. Science and machines have added so much to living that we have rated them above human values. Life tends to be over-mechanized. Education today must concern itself with physical and mental health and with emotional, social, and spiritual responses as well as with reasoning powers.

"The responsibility for the present generation for the education of those that are to follow should not be shifted to the future. Youth must be served while it is youth. If we fail in our duty to the boys and girls of today, it cannot be made up to them in after years when prosperity returns and public funds are more easily available. We have no right to unload upon the youth of today the burden of our adversity.

"We, therefore, declare our faith in the arts. Curtailments in educational budgets must not be permitted to affect vitally the cultural subjects, especially music. Avocations as well as vocations must be provided for the sake of the present times and for the days of larger leisure which lie ahead."

The routine work in all the schools is going on as usual and in many cases with much more interest shown than during the past year, with this increase in interest more theory work is accomplished thus more time can be given to appreciation lessons, study of instruments and noted musical people. I find that there is a carry over from our school work into the homes and hardly a day passes that some child does not report some piece of music that we have either studied or sung that has been heard in the home on the radio, also many pictures are brought and items from the papers regarding either people or programs. This to my mind is worth while for if the child notices what is being played or sung over the air and reads in the papers something beside the funnies, real appreciation of things worth while are making an impression on his or her mind.

The orchestra in High School is doing very good work and although the Seniors of last year are greatly missed, the younger members are striving to fill their places. I urge that parents encourage their children to work on the orchestra music at home. The orchestra is playing for the Tuesday morning assembly period at school, they also played at the Senior play; future engagements include a program for the P. T. A., and an invitation has been received from Wells asking the orchestra to play at one of their assemblies in the near future. These public perform-

ances are what the pupils need to give them confidence. We are hoping again this year to send one or more to the Orchestra Camp at Castine, the plans made last year failed due to the closing of the bank, but our courage is good for we realize what an advantage to both the orchestra and the pupils who attend this school and what they bring back in experience and confidence will well repay the money spent.

The Girls' Glee Club is doing very fine work, at present they are busy preparing an operetta to be given during the early part of the spring term.

This year a Boys' Glee Club has been formed and are doing good work and another year it is hoped that more advanced work can be done. This work is a pleasure to the teacher as the lack of interest among the boys was keenly felt last year. Several of the boys have parts in the operetta. There are still many boys in High School who have excellent voices but they do not have the desire to do real work with the talents they have.

Harmonica bands have been formed at the Beach and Village schools and they are doing fine work, both bands have appeared in public and later in the year a combined concert is planned of all the boys and girls in the York schools who play harmonicas. There are smaller groups in several of the rural schools. This work is fine training in ensemble work and often arouses interest in some other instrument.

The Beach school presented a very pleasing program at the Congregational Church on Dec. 21st in the form of a pageant of the Christmas story. All the pupils had some part and all did very creditable work.

On the last day of school a program was put on by the Village school at the High School Assembly Hall, this program consisted of a play by the Sixth and Fifth Grades, Dickens' Christmas Carol by the Seventh and Eighth and the other grades furnished folk dances, drills and songs suitable to the time of year.

The rural schools have presented programs at different times during the year and improvement is shown at each program. These schools are small and it means that the pupils must do at least twice as much work as the pupils in the larger schools. I appreciate the co-operation that the older pupils give in these schools in working with the lower grades so splendidly.

I wish to express my appreciation to the parents and friends for the interest they have shown by attending our programs and hope that they continue to co-operate with us and we as the schools will do our best to provide programs whenever possible.

I wish also to express my appreciation to you and to the teachers for their hearty co-operation especially when extra work has to be done.

Respectfully submitted,

FLORENCE HOMER.

Auditor's Report

To the citizens of York, Maine:

I hereby certify that I have examined the accounts of the officers of the Town of York and found them correctly cast and vouchers were shown for bills paid.

SAMUEL H. JUNKINS, Auditor.

York, Maine, Feb. 27, 1934.

Condensed Inventory of Taxable Property

Note—The column of figures under the heading Total Valuation of Personal and Real Estate means dollars in each case, no cents being carried. The column under the heading of Total Tax has the cents carried out.

Warrant for Town Meeting

MARCH 12, 1934

To Arthur E. Bragdon, Constable of the Town of York:

In the name of the State of Maine you are required to notify and warn the inhabitants of said town of York qualified by law to vote in town affairs, to assemble in the Town House in said town on Monday, the twelfth day of March, A. D., 1934, at nine o'clock in the forenoon to act on the following articles, to wit:

First—To choose a moderator to preside at said meeting.

Second—To choose a Town Clerk, three Selectmen, Assessors of Taxes and Overseers of the Poor, Town Treasurer, Collector of Taxes and Constable, two members of School Committee, one Road Commissioner, one or more Fire Wards, one Auditor of Accounts and all other officers necessary for the ensuing year.

Third—To fix the remuneration of the town officers for services for the ensuing year, also price for labor on the highways.

Fourth—To see what sum of money the town will vote to defray the incidental expenses of the town for the ensuing year.

Fifth—To see what sum of money the town will vote for repairs of highways for the ensuing year.

Sixth—To see what sum of money the town will vote for repairs of bridges for the ensuing year.

Seventh—To see what sum of money the town will vote for the support of the Poor for the ensuing year.

Eighth—To see what sum of money the town will vote for aid to Dependent Mothers for the ensuing year.

Ninth—To see what sum of money the town will vote to raise for elementary and secondary schools, including teachers' wages, fuel, janitors' services, conveyances, text-books, reference books and school supplies for desk or laboratory use.

Tenth—To see what sum of money the town will vote for repairs of school buildings for the ensuing year.

Eleventh—To see what sum of money the town will vote for instruction in industrial education in the schools for the ensuing year.

Twelfth—To see what sum of money the town will vote for the insurance on school property for the ensuing year.

Thirteenth—To see what sum of money the town will vote for water supply for the ensuing year.

Fourteenth—To see what sum of money the town will vote for Memorial Day.

Fifteenth—To see what sum of money the town will vote for care of grounds, walks and shrubbery around the Town House.

Sixteenth—To see what sum of money the town will vote for street lighting for the ensuing year.

Seventeenth—To see what sum of money the town will vote to pay interest on and for the reduction of the debt of the town for the ensuing year.

Eighteenth—To see if the town will vote to authorize the Selectmen and Treasurer to procure a temporary loan or loans in anticipation of taxes for the purpose of paying indebtedness of the town, such notes to be paid during the current municipal year out

of money raised during said current municipal year by taxes.

Nineteenth—To see what sum of money the town will vote for the Health Department for the ensuing year.

Twentieth—To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20, Chapter 28, Revised Statutes of 1930.

Twenty-first—To see what sum the town will appropriate and raise for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175, Public Laws of 1933.

Twenty-second—To see if the town will vote to raise money and what sum for the maintenance of State Aid Highways during the ensuing year, within the limits of the town under the provisions of Section 9, 18, 36, 37, and 38, Chapter 28 of the Revised Statutes of 1930.

Twenty-third—To see what sum of the town will vote to raise for the maintenance of third class roads in accordance with provisions of Sections 43 to 47, inclusive, of Chapter 28, Revised Statutes of 1930, as amended by Chapter 151 Public Laws 1931.

Twenty-Fourth—To see what sum of money the town will vote for the purpose of removing snow from the highways.

Twenty fifth—To see what sum of money the town will vote in aid of the York Public Library.

Twenty-sixth—To see what sum of money the town will vote for the maintenance of the York Hospital for the ensuing year.

Twenty-seventh—To see if the town will vote to remodel and enlarge the Town House and appropriate a sum of money therefor.

Twenty-eighth—To see what sum of money the town will vote to raise for the service of a Public Health Nurse.

Twenty-ninth—To see what sum of money the town will vote to raise to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine.

Thirtieth—To see if the town will vote the sum of Five Hundred Dollars to assist in the maintenance of a permanent fireman at the York Beach Station.

Thirty-first—To see what sum of money the town will vote to raise to gravel the road leading from York Grange Hall to the residence of Fred Fillis, on petition of Fred Fillis and twenty-seven others.

Thirty-second—To see if the town will vote the sum of Five Hundred Dollars to be used to pay for insurance covering the volunteer firemen of the town of York. This to include the companies at York Beach and York Village, on petition of R. W. Sturtevant and thirteen others.

Thirty-third—To see if the town will vote to require all taxes to be paid not later than October 1st, 1934, and that interest at the rate of one per cent per month be charged on all taxes not paid on or before October 1st, 1934.

Thirty-fourth—To pass any other vote or votes that may be necessary and legal for the administration of the town for the ensuing year.

The Selectmen hereby give notice that they will be in session for the purpose of revising and correcting the list of voters on Friday and Saturday, March 9th and 10th from one to four o'clock, P. M.

Dated at York this nineteenth day of February,
A. D., 1934.

JOSEPH P. BRAGDON,
NELSON C. HUTCHINS.
ELMER R. YOUNG,

Selectmen of York.
